

**Leading through
innovation & service**

Corporate profile

INNOVATIVE, PROFESSIONAL & RELIABLE

We are innovative, professional and reliable. Everything we do is genuine - from parts, glass, paint to consumables; we handle it all with care and the level of safety you can trust. We aim to reach new heights in innovation and service. We strive to constantly evolve and create value for not only our customers, but for our employees, communities and stakeholders, no matter where we are.

TECHNOLOGY & INFORMATION IS AT OUR CORE

Our IT infrastructure is at the core of our ethos to break new barriers and enables us to disrupt the traditional automotive industry. At a touch of a button we can source any part for any vehicle worldwide, give an update on your fitment or claim, or even give you insights of your spend with us or the condition of your fleet.

FUTURE DRIVEN

African Rainbow Capital (ARC) is a shareholder of Autoboy's Evolve. ARC is a black-owned company focused on the South African and African financial services industry and businesses that deliver exceptional equity returns. The investment from ARC allows us to invest in network expansion and to develop technology-driven solutions for customers.

AUTOMOTIVE PARTS

We want the best for you and your car. So when it comes to providing automotive parts, we never compromise on quality or service. We distribute OEE and OEM automotive parts to the insurance, DIY, workshop and body repair industries. Our parts adhere to the highest manufacturer standards. We ensure that we can always provide the right part, at the right price for most makes and models of vehicles.

Parts offering includes: auto body, cooling, suspension, steering, service parts, electrical, braking components and transmission.

AUTOMOTIVE GLASS

Glass is an integral part of your car. From the back and front windscreens to the side windows, each glass panel gives you a clear view of the road, protects you from the elements and stops flying debris from entering your car. So when it comes to chips, cracks and smashes, it's essential that you have your car's windscreens and windows fixed or replaced to the highest standards.

Glass offering includes: glass repair and replacement, insurance claims, over the counter sales and sealants.

AUTOMOTIVE PAINT & CONSUMABLES

There are few things more prominent on your car than its paint job. Even small nicks and scratches can detract from the overall appearance of your vehicle. We offer comprehensive automotive paint solutions with a range of premium-quality paints to suit every automotive need. Whether you have customers requiring spot touch ups or extensive resprays, our versatile paint solutions ensure perfect colour accuracy, excellent durability, and seamless application.

Paint offering includes: full mixing bank installation service, OEM approved paint solutions, over the counter paint mixing, consumables, abrasives, product demonstrations, technical and after sales support.
